## Bonds Issued For Good Roads

Tennessee Taking Her Place  
Near Front in Improved  
Highway Movement

Assistant Secretary Charles C. Gilbert of the Board of trade, who has been interested in the good roads movement throughout Tennessee, has compiled some figures showing the counties voting road bonds from 1891 to 1900. Tennessee has done a great work in improving her roads and during the last twenty years has expended more than seven million dollars. The amount expended in 1911 was more than \$2,000,000, which shows that the movement has grown wonderfully in recent years. Following is a table of the counties voting bonds and appropriating money for good roads from 1891 to 1900.

Anderson, Benton, Bradley, Carter, Cumberland, Campbell, Cooke, Davidson (nine years), Grainger, Green, Hamblen, Hamilton, Hawkins, Jefferson, Knox, Loudon, Madison, Marion, Monroe, Montgomery, Morgan, Putnam, Roane, Robertson, Sevier, Shelby, Sullivan, Sumner, Union, Van Buren, Washington, Warren, White. Total appropriation \$7,703,375.—Nashville Banner

### J. R. Boyett.

We call attention to the formal announcement, in this issue, of J. R. Boyett, for re-election as Sheriff of this County. Mr. Boyett needs no introduction to our people, having held the office for two years, he has made a fearless, impartial officer and won the high esteem of all who know him. In the near future he will see the voters in person and solicit your support. Lawrence County could not find a man any more suited or qualified for the office he seeks than Mr. Boyett.

Close attention to the sometimes delicate and dangerous duties of the office, combined with an unfailing courtesy and gentlemanly bearing, have made his administration one of which his friends may point with pride. Sheriff Boyett has discharged his duty without fear or favor, partiality or prejudice. This splendid record is the basis upon which rests his claims and appeal for a second term.

### Dr. E. E. Underhill

In announcing the candidacy of Dr. E. E. Underhill, of Summertown, as a candidate for tax-assessor of Lawrence County, it is only necessary to say, by way of introduction to our people that he is a man of pleasing address, untiring energy, and excellent qualifications for the office he asks at your hands. We understand that he will make a close canvass of the county, and undertake to see the voters face to face so that they may themselves see what manner of man he is who seeks their support and confidence. Dr. Underhill came into our county from the north several years ago, to be one of us and the continual practice of his profession (he is a dentist) has taken him into all parts of the county, and given him a fair idea of property conditions and values, information that will be of great value to him who may hold the important office of Tax Assessor. We submit his claims to the good judgement of our readers.

## A Great Discovery

Certain Ingredients That Really  
Promote Hair Growth when  
Properly Combined

Resorcin is one of the most effective germ destroyers ever discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp.

These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishing properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely invaluable medicinal agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp in spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If the scalp has a glazed, shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a cure in 93 per cent of cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike, and we think, in every particular, better than anything else we know of for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies in Lawrenceburg only at our store—The Rexall Store, Burton's Drug Store.

Listen! Our underwear for women is lovely

Our underwearables for women--hosiery, underwear, corsets, petticoats, lingerie, everything--are selected with an eye for both daintiness and durability; they will look beautiful and wear well.

Buy your materials and clothes from us and you will be the "belle of the ball."

We will not sell you 50 cent articles (except to close out odd lots) for 39 cents. If we sell you something for 39 cents, it is because we are willing to take 39 cents for it--and because it "pays" us to do so.

Women are getting tired of being fooled. They prefer the truthful store.
